

Giselle Lim is to become the new Chief Risk Officer at Generali Group Switzerland

- Giselle Lim will take over the management of the Risk Management Division on October 1, 2017, and become a member of the management team at Generali Group Switzerland.
- She previously worked as the Executive Director, Financial Services Advisory at EY Zurich. Prior to that, she held various management positions at international level at Prudential Financial, SCOR Life and Gothaer. Giselle Lim is a certified actuary of the Swiss Actuarial Association (SAV) and the German Actuarial Association (DAV). In her new role, she will be able to contribute her many years of experience in the field of risk monitoring.
- Within the framework of the strategic refocusing and restructuring at Generali Switzerland, the Corporate Governance structure will also be simplified. The new Chief Risk Officer will be responsible for monitoring this process and ensuring that the regulatory requirements are being implemented effectively at all levels.

Giselle Lim has worked at management level in the financial services industry, in the international arena, for around 20 years. She previously held the position of Executive Director, Financial Services Advisory at EY Zurich. Prior to that, she worked as the Chief Risk Officer, International Insurance at Prudential Financial in Newark, New Jersey, USA, as Senior Manager, Advisory Financial Services at KPMG in Hanover and New York, as Head of New Markets and Services at SCOR Life in Hanover and as a manager at Gothaer in Göttingen. Giselle Lim graduated in mathematics from the Australian National University in Canberra. She is a certified actuary of the Swiss Actuarial Association (SAV) and the German Actuarial Association (DAV).

Within the framework of the strategic refocusing and restructuring at Generali Switzerland, the Corporate Governance structure will also be simplified. New organisational structures and functionalities are to be defined and an improved structure of the internal control system is to be implemented. As the new Chief Risk Officer, Giselle Lim will be responsible for monitoring this process and ensuring that the regulatory requirements are being implemented effectively at all levels.

"Generali Switzerland has very high standards in the area of risk monitoring. The simplification of the Corporate Governance model is one of the key pillars of its strategic refocusing and restructuring. I am very much looking forward to bringing my experience to Generali Switzerland in its phase of reorganisation," says Giselle Lim.

Giselle Lim is a 50-year-old Australian citizen and she currently lives in Zurich. She will be assuming her new position at Generali Group Switzerland on October 1, 2017 and take over the Risk Management Department from Roger Kaufmann, who is managing the Department a.i. until then.

Giselle Lim

ABOUT GENERALI

Generali is an independent, Italian Group, with a strong international presence. Established in 1831, it is among the world's leading insurers and it is present in over 60 countries with total premium income exceeding €70 billion in 2016. With over 74,000 employees in the world, and 55 million clients, the Group has a leading position in Western Europe and an increasingly significant presence in the markets of Central and Eastern Europe and in Asia. In 2017 Generali Group was included among the most sustainable companies in the world by the Corporate Knights ranking.

In Switzerland, Generali has stood for individual insurance solutions in every kind of living situation for 140 years. Almost one million customers depend on the reliable protection it provides from a single source: from property, legal and life insurance to comprehensive pension solutions, as well as attractive fund and bank products. Generali (Switzerland) Holding AG runs its business through its subsidiaries in two different seats, one in Adliswil and the other in Nyon. Around 2,000 employees provide qualified advice and excellent service.
